CASH VALUE TO BE ASSESSMENT BASIS IN STATE

By MELVIN LORD

SACRAMENTO, July 10—(UP)—Complete reorganization of county tax rolls throughout Califorlia looms as a necessity as a result of the passage of the Riley-Stwart tax plan.

Due to the setup provided in the new tax program, the provision included in the constitutional amendment passed by the people June 27 requiring that "all property subject to taxation shall be assessed for taxation at its full cash value", is of paramount importance.

While officials pointed out this is not a new departure in tax assessment requirements, its enforcement is of vital necessity in view of the financial condition of governmental units throughout the state.

A study of the report of the state tax research bureau shows that in the past there has been a wide difference between cash or actual value and the assessed value in property.

In Nevada county for instance, the bureau estimated that the assessed value of outside property was only 22.19 per cent of the actual value. The average for assessed value for the 58 counties was 42.27 per cent of the actual value.

In other words, the bureau estimated that actual value of property outside incorporated cities throughout the state was $4,455,327,455. Tax rolls, however, showed the assessed valuation to be $1,778,562,121.

While the Riley-Stewart plan calls for the return of operative or public utility property to local tax rolls, provision for adequate valuation of this property is made with the requirement of central assessment by the state board of equalization, with full apportionment back to the several counties where the property is situated.

TO DRIFT ON ST. LOUIS VEIN AT CANADA HILL

With over 1000 feet of shaft unwatered, the pumping job at the Canada Hill mine southeast of town is rapidly approaching the final stages. Water is now well below the 12th level, the last long level in the workings of the famous old producer, and materially increased distance should be gained daily as the stoped area decreases. In addition, a small electric pump is being installed at about the 500 level, where a sump has been prepared, to catch water coming in at higher levels from the nearby Greenman property. This inflow constitutes the major portion of the water the mine is now making and checking it above is expected greatly to increase the speed of unwatering the lower area.

It is planned to start drifting northward shortly on the 11th level toward the great St. Louis vein, believed to strike within about 200 feet of the limit of old workings on that level. Drifting will also be started southward on the ninth level for the faulted Canada Hill vein. Conditions in the unwatered portion of the mine are found to be excellent and in accordance with reports made at the time the shaft was last cleaned out some years ago.

CAR AND TRUCK CRASH ON DOWNIEVILLE ROAD

Joseph Sandow, driving from Downieville to Nevada City, with Mike Retinezas and Frank Hipp as passengers, ran head on into a C. C. C. camp truck returning to the Miller ranch camp, Saturday, and is now at the Nevada City Sanitarium suffering from serious injuries. The truck was driven by William A. Hart, accompanied by two boys from the camp.

Hart summoned Capt. J. E. Blake of the State Highway Patrol, before either vehicle was moved. Capt. Blake absolved Hart from blame in the collision. Retinezas and Hipp were slightly bruised and cut, but Sandow suffered a compound fracture of the elbow and lacerations and fractures of one shoulder. Dr. Frank McCullough treated the injured man.

Nevada City Postal Receipts At New High

The fiscal year closing July 1, 1933, is the biggest year in postal receipts the Nevada City postoffice has ever recorded. This is Postmaster Phil Scadden's statement. The receipts, amounting to $16,173.45, or more than 14 percent over last year, set a new marker in Nevada City's history. In dollars and cents this year's receipts are just $2,294.10 ahead of last year and every month is showing a decided advance.

Another sign that Nevada City is forging ahead is in the rental of postoffice boxes. There are now 679 boxes rented, and this again is a new record for Nevada City.

Postal receipts are generally regarded as one of the sure-fire indices of business conditions. Money spent for stamps, parcel post, insurance etc., reveals activity all along the line.

The Nevada City Nugget's share in piling up this notable record of the local postoffice amounts to more than $100 a year.

CAVED IN RAGON SHAFT CLEARED

Open shaft was reached Saturday at the Comstock Gold Point company's Ragon mine northwest of Nevada City and complete clearing of the caved portion is expected within a day or so. A new electric hoist has been hooked up and is speeding the recovery of the workings.

Equipment is all in readiness to begin unwatering as soon as the shaft is finally cleared and since the developed area is small the pumping is not expected to be a lengthy operation. Development plans call for sinking additional shaft and for driving northward to open up an important ore shoot believed to lie comparatively close to the previous workings. Meanwhile ore already exposed by earlier operations be extracted and will be milled at the West Mines' Queen Lil mill.

VAN SLYKE GUILTY ON MANSLAUGHTER CHARGE

Oll Van Slyke, was tried today before a jury and Judge Raglan Tuttle on a charge of manslaughter. Van Slyke was accused of killing Jack Thomas during a drunken brawl in the Coffee Cup cafe about 4 o'clock on the morning of June 15.

The jury brought in a verdict of guilty and recommended leniency.

District Attorney W. E. Wright prosecuted the case and Attorney William Cassetari of Grass Valley defended the accused man.

Dr. Frank McCullough and Dr. W. W. Reed were among the witnesses. Dr. McCullough testified that the physical condition of Thomas was such that he might have died from other causes than the blow on the head. He testified that an examination of the body of Thomas indicated that after he had fallen in the general fight which took place in the Coffee Cup, he was trampled upon by a man wearing hobnailed boots. No evidence was introduced to show who was the wearer of the boots.

WASHINGTON MOURNS FRED BRADLEY'S DEATH

WASHINGTON, July 10—Our little town was eeply grieved at the passing away of Mr. F. W. Bradley at his home at Alta last Thursday morning. Mr. Bradley was one who was greatly respected in our community and as been a noble friend to our town. He has been connected for many years with the Spanish mine in our district. We wish to extend to his beloved family our sincere sympathy.

Mr. and Mrs. James Bradley have returned to their home at the Spanish mine.

Mr. Fred Breese was a visitor in town Sunday.

Mr. Roy Vanberg and Martin Vanberg Jr., were visitors at the Artic mine last week end.

PRELIMINARY HEARINGS ARE SET FOR TUESDAY

Ernest Ferguson, charged with assault with a deadly weapon and William Leary, charged with a hit and run offense, will be given preliminary examinations before Judge W. L. Mobley in the Nevada City Justice court tomorrow morning.

Mr. and Mrs. Bert Davidson, who have mining property in the Moores Flat section, are spending a few days in Nevada City.

MINING ASSN. TO MAP INDUSTRIAL RECOVERY PLAN

SAN FRANCISCO, July 10—Drawing of the code required by the National Industrial Recovery Act governing all branches of the mining industry in this state is now being undertaken by the Mining Association of California, according to G W. Starr, president of the organization. Planned to reduce unemployment. spread labor through shorter hours, and to increase wages in order to increase purchasing power and bring about consumption of its total production, the detailed requirements of the act have just been brought from Washington by Henry W. Gould, a director, who represented the association at the Washington meeting of the American Mining Congress.

Considered one of the foundation acts of the "new deal" of President Roosevelt, and which will rearrange the relationship between management, the employes, and the government in all industries, reducing their points of contact to the fewest possible numbers ,the administration is pressing for prompt submission of codes. Since the success of this legislation requires the cooperation of all industries, prompt action is demanded, otherwise codes will necessarily have to be aplied without consulting the members of lagging industries. A. D. Whitesides, member of the staff of the National Recovery Act, stated that members of practically every essential industry are offering codes or are definitely working on them.

Leading mining men in California have been appraised of the progress of this act through correspondence and personal visits from Mr. Starr, who recently made a trip through the mining counties of the State. The Mining Association of California will call together representatives of the varied branches of the industry it represents and afford every assistance through its state-wide facilities in expediting this enactment which is anticipated to effect an increase in the employment of 7,800,000 wage earners by October 15.

BOY SCOUTS OFF FOR CAMP PAHATSI OUTING

Of Scoutsmasters Dick Parson's group, the following Scouts yesterday left for a roaring good time at Camp Pahatsi:

Alfred Pratti Junior ..Scoutmaster
Ray Wild
Dick Tuttle
Dick Marriott

Swimming, boating, hiking, passing tests for merit badges and tests for higher ranks—all this and more is going to insure a great time for the boys.

SURPRISED BOY

PARADISE, July 10—(UP)—J. Little, small son of Lee Little, has no desire to go big game hunting. He looked out an open window the other morning and found an African lioness staring him in the face. The animal had escaped from a circus.

HE MAY BE LUCKY

COLUSA,July 10—(UP)—J. R. Davis should be the luckiest man in the world. Several years ago he found a plant producing four-leaf clovers. He cultivated the growth and now has an area of about 200 square feet.

HICCOUGHS WRACK MINER FOR 10 DAYS

Following an attack of sore throat caused by infected tonsils James E. Martin, blacksmith at the Murchie mine, was found unconscious Saturday morning suffering from hiccoughs. It is believed that he had suffered from the hiccoughs for eight days prior to losing consciousness. The hiccoughs continued until yesterday morning when by use of a stomach wash Dr. A. H. Tickell succeeded in giving the sufferer a brief interval of rest. Resumption of the malady occured later, however, and continued at intervals this morning. Martin has suffered attacks of hiccoughs before, following severe infection.

Saturday Mrs. Martin, wife of the hiccough victim, arrived and arrangements were made for his removal to his home in San Francisco. The man was removed to Colfax in an ambulance, where he was placed aboard a train.

WATER SHORTAGE LOOMS IN STATE

SACRAMENTO, July 10—(UP)—Once again California faces the necessity of being extremely careful of the year's water supply.

On the basis of snow surveys and precipitation records the stream flows for the year will range from 30 to 60 per cent below normal according to a report of the state division of water resources.

"In general this season's snow pack as measured in inches of water content averaged from 60 to 90 per cent of last year's pack," said Harlowe M. Stafford, supervising hydraulic engineer of the division.

"For the areas where the snow surveys have been conducted for a sufficient number of years to permit the development of tentative normals, the western Sierra slope pack varied from about normal to 35 per cent below, with a general average of 20 per cent below normal. Eastern slope basins averaged from 25 to 50 per cent below normal."

The data from the precipitation stations generally indicated that the season's precipitation averaged 30 per cent below normal in the upper Sacramento basin, 40 to 50 per cent below norma from the Feather to Mokelumme basins, 25 to 35 per cent below from Stanislaus to upper San Joaquin basins, to to 20 per cent below from Kings to Kern basins, 30 to 40 per cent below in San Gabriel, Santa Ana and Los Angeles basins. Eastern slope basins averaged 35 to 40 per cent below normal from Truckee to Walker, 50 per cent below in Mono and 35 percent in Owens

The work of estimating stream flows was carried on this year for the fourth time. The work requires the survey of 160 snow courses from altitudes ranging from 4,600 to 11,400 feet.

CAMPTONVILLE YOUNG FOLKS TO GIVE PLAYS

CAMPTONVILLE, July 10.—An evening of comedy will be staged by the Camptonville branch of the Marysville Union high school Saturday evening, July 15., at the auditorium of the local Masonic hall. Several interesting plays have been selected and a number of young people have worked hard preparing them for presentation. The affair promises to be very good. A small admission charge will be made, proceeds from which will go to the student body fund of the local branch school.

NEW WATER MAINS FOR CAMPTONVILLE

CAMPTONVILLE, July 10.—Mrs. R. M. Labadie, proprietor of the Camptonville Water Works, recently purchased 1628 feet of new four inch black iron pipe, and Lee Bullington with a crew of men is installing a new water main for the town. This new pipe, according to the Railroad Commission, will supply 1500 people with water for domestic purposes, and replaces a redwood pipe which has given continuous trouble during the past few years.

Arthur M. Hoge has gone to Stanford hospital in San Francisco for medical treatment.

BRIAN KROUGH HOME FROM PLANE TRIP EAST

Brian Krough returned via aeroplane from a visit of a few weeks with his mother near Minneapolis, Minn., last Saturday.

The tri-motor planes make wonderful time, traveling at the rate of three miles a minute. An electrical storm in Omaha held the plane up eight hours. They attempted it once but the fog and severe storm compelled them to return. Then they had to buck storm, fog and winds as far as Cheyenne.

The trip from Minneaolis to Reno was made in 12 hours and if the storm had not interferred it would have cut an hour from the flying time.

Mr. Krough said they had a distinguished guest on the plane, Thelma Todd, actress, who got on at Chicago and was on her way to San Francisco. When asked if she was friendly he stated: "Oh, yes, we exchanged cigarettes several times, but her brand tasted no better than mine."

Part of the way a small dog was a passenger.

Mr. Krough found crop conditions bad in his old home section, being the worst drought in 42 years.

MANY GUESTS ARRIVE AT NATIONAL HOTEL

The week end visitors at the National Hotel were the following: Mr. and Mrs. R. E. Whitcomb, Mr. and Mrs. Fisher, J. H. Noynough, Lois Jones, R. Wedenmeyer, San Francisco; Mr. and Mrs. A. G. Hanhoe and Mr. T. H. Meese, Carmel; Chas. Hegarty, City; J. Peterson, Weed; Mr. R. S. Holway, John Surphine, Elma Peterson, Oakland; T. L. Richard and wife, Visalia; Elizabeth Oyden, Oakland; Thomas Bradley, San Jose, J. W. Wallace and R. S. William, New York; J. H. Creighton Los Angeles; H. T. Cunnigham, Scotts Flat; Mr. and Mrs. Lichtenberg, Alleghany, Mr. and Mrs. G. G. Thomas, Graniteville; H. M. Cooper, Auburn.

SEATTLE MAN, VISITOR HERE, DIES IN SLEEP

Henry Hillis of Seattle, 32nd. degree Mason and Odd Fellow, passed away at the Ben Bost home at about 7:30 o'clock this morning in his sleep.

E. S. Snelling, prominent attorney and Albert Hills, also of Seattle, will motor to Seattle to attend the funeral.

Holmes Funeral Home has charge of the remains which will be sent to Seattle tomorrow.

HEN IS TECHNOCRAT

PORTERSVILLE, July 10—(UP)—C. H. McKight's Rhode Island red hen apparently still fancies the fading vogue of technocracy. Every other day for two weeks the hen laid an egg weighing four ounces. Three eggs filled a strawberry basket.

Mr. and Mrs. Harry Bolton and daughter, Miss Alberta, plan to motor to Gustine tomorrow and return with Mr. Bolton's mother, who will spend the summer here with them.

Mrs. Madge Schwartz and sister, Mrs. Charles Deeble motored to Sacramento Saturday and spent the day with their mother Mrs. Roberts who is not very well.

Warren Smith, small twin son, of Mr. and Mrs. Leland Smith, had his tonsils removed in the Nevada City Sanitarium this morning.

Mr. and Mrs. Joe Chaney and two

Mr. and Mrs. Fred Miller of Grass Valley motored to Oakland this morning where he will attend to business matters before returning home. Mrs. Miller's sister, Mrs. H. C. Schroeder of Nevaa City accompanied them and will spend a vacation there visiting her late husband's relatives.

Mrs. Anna Lombardine of Seattle, Washington, is here visiting her brother, William and Charles Genasci and the latter's family. Mrs. Lombardine is a former resident, her last visit being eight years ago. She sees many changes and improvements since her last visit.

Mr. and Mrs. H. E. Bolton and daughter, Miss Alberta spent Sunday in Gridley, visiting her sister, Mrs. H. E. Katzer, and husband.

RILEY THANKS NUGGET FOR TAX MEASURE HELP

July 8, 1933.

Gentlemen:

I wish to express my deep appreciation of te very generous cooperation which the Nevada City Nugget gave in the campaign in behalf of Proposition Number 1, the Riley-Stewart Tax Relief Plan. The tremendous majority accorded this measure by the voters is eloquent testimony of the confidence which the people have in the California press.

I wish to assure you also that I will do everything in my power to keep faith with you and the voters who supported this program. To the utmost of my ability I shall endeavor to assist the legislature in adopting and fair to every tax aying group. a tax system free from discrimination

Again assuring you of my gratitude, I am

Sincereley yours,
RAY. L. RILEY.

PROBATION REVOKED FOR CONVICTED THIEF

Judge Raglon Tuttle on Friday revoked the probation under which William E. Creighton, former manager of a Nevada City chain store, was released after a plea of guilty to a charge of grand theft. Creighton was ordered committed to San Quentin prison to serve an indeterminate sentence of from one to 14 years.

Creighton when questioned in the superior court by Judge Tuttle stated that he did not think he had to report to the probation officer every month, but when confronted with the terms of the probation, of which he admitted he had a copy, he had nothing to say.

He will be taken to San Quentin by Sheriff Carter or a deputy within the next few days.

NO SALOONS IN CALIFORNIA IF U. S. GOES WET

SACRAMENTO, July 10—(UP)—In the event the 18th amendment is repealed, there still will be no saloons in Nevada City or any place in California.

This was the statement of state officials who called attention to the liquor control act passed by the legislature and opposed by the governor in answer to allegations that the old-time saloon was "coming back."

The measure which becomes effective only if the national prohibition laws is repealed, specifically provides the following restrictions:

"No public saloon, public bar or barroom or other public drinking place where intoxicating liquor to be used for any purpose shall be kept, bought,, sold, consumed or otherwise disposed of, shall ever be established, maintained or operated within this state.

"Liquor contained in packages may be sold in retail stores where such liquor is not consumed and is not sold to be consumed on the premises where sold, subject to the provisions of this act and other applicable provisions of law."

As is provided in the present law covering the sale of 3.2 beer and wine ,the liquor act states that "in hotels, boarding houses, restaurants, cafeterias and other public eating places, wines and beer may be served and consumed with meals furnished in good faith to the guests and patrons thereof."

Under other provisions of the control bill, the power to tax and otherwise regulate the sale and distribution of liquor is vested in the state. Licenses will range from $100 a year for wholesale dealer's and importer..'s licenses to $1 a year for a medical alcohol license.

Violation of any terms of the law would be termed a misdemeanor and subject a person to a $500 fine, a six months county jail sentence or both.

BAND STAND PROPOSED

Nevada City has a band. It's the high school band and its music is notably good. It is unnecessary to compare it with other bands, for bands vary according to size of communities and the amount of money spent for equipment, uniforms, and in their training.

Since the band made such a splendid record at the interscholastic concert competition in San Francisco, some two months ago, a number of thoughtful citizens concluded it would be a good thing to accord the band a real place in our community life. In other words give the prophet honor in his own country. Hence subscriptions have been generously written to pay the cost of a series of weekly concerts all summer.

Next we need a band stand, a place where the boys can give their concerts. It wont cost much and it will add a good deal to the pleasure the band gives us. A very pretty little park in lower Broad street has been suggested as a good site for the bandstand. Those who own the park think that a band stand and seats would rather spoil it as a park.

We all remember the old family parlor that mother used to keep spick and span, tidy and pretty. It was never used except for funerals and very grand occasions when rich relatives came for a visit. Nowadays, however, the parlor is called the "living room." People live in it and use it, read in it, sing in it, and put the radio in it, and generally make it a center of family life.

That is what we think parks should be to a community. Something to be used for community recreation and pleasure. It wont be so spick, span and tidy with people flocking there to hear the band, but with care, we do think it can still continue a thing of beauty as well as of use.

We offer this comment about parks, without being an advocate for any particuar site for a band stand. If anyone has a good thought about a band stand site, we suggest they tell it to Elza Kilroy, or Chief of Police Garfied Robson. We have a good band. Let us try to give it a band stand.

VALLEY FOLKS REASSURED

The Appea-Democrat of Marysville, during the legislative debate on the placer mining bill which finally passed and was signed by the Governor, carried on an energetic campaign against the measure. Carlton Bray of Sutter City, well known mining man, finaly sat down and wrote the following letter to the Appeal-Democrat:

"Apparently, the editorial writer of the Appeal-Democrat has only heard one side of the story. First, there is just exactly as much danger to this valley from hydraulic mining as there is danger of the Indians making a sudden raid on these defenseless settlements and scalping a few hundred men, women and children—no more and no less. There is exactly as much danger of damage to this valley from hydraulic mining as there is danger of the southern democrats restoring Negro slavery, seeing they are now pretty much in the saddle at Washington—no more and no less.

"There has been no more danger to this valley from hydraulic mining for the last 25 or 30 or 40 years than there has been danger of the Arabs of the deserts of Africa suddenly swooping down upon us with their camels and terrible knives and cutting our throats. Then, in the name of right and justice and common sense, why all this waving of the bloody shirt like the notrhern politicians and office seekers and the southern politicians and office seekers waved the bloody shirt in every campaign for 40 years folowing the Civil War?

"Don't the people of Yuba and Sutter know full well that no one can engage in hydraulic mining on the smallest scale without a permit from the war department of the United States? Do they not know that the engineers of the war department exercise the strictest supervision over all operations and preparations for operations? Do the people not know that hydraulic mining has been going on for he last 25 or 30 years on the rivers here-abouts? Space will not permit, but I should like to give the people of Yuba and Sutter some information, because they have certainly been fed up for many, many years on misinformation, prejudice and falsehoods."

WEEKLY COMMENT

By
CHRISTIAN ANDERSEN

I do not wish to seem preachy, but again I say, WHEN YOU DRIVE THE MOUNTAIN ROADS, STAY ON YOUR OWN SIDE OF THE ROAD. ALL OF THE TIME.

Mrs. Andersen enjoys living in Nevada City and I think that any one else would like it here. While on the subject of our fair city, let me again remind you all THAT NEVADA CITY IS THE GATEWAY TO THE MOUNTAIN PLAYGROUNDS. While the tourist flow is on, and we are contacting them in one way or another, let us all endeavor to impress everybody favorably and thus leave the seeds for their annual return. Think it over.

We had a pleasant surprise Saturday night when our big long-legged brother-in-law Grant Goodale and his family came to visit us. Mr. Goodale is the Assistant State purchasing agent and lives in Los Angeles. One interesting bit of information came out during the conversation, viz. that the charity lists in the Los Angeles district are diminishing at the rate of about 5000 per week. This speaks well for the NEW Deal.

The blessed aftermath of the depression cannot be said to have arrived yet but there is one thing which is notable, WOMAN seems again to have assumed her old role of homemaker. Some are even carving out a small career as they attend to their duties around the house. This sort of thing threatens to bring back the old fashioned lars and penates of the American home, which need no recommendations from me.

News came to us last week that Harry Toulmin and A. Spanzel of Monterey, California, killed a large bobcat with bow and arrow. They are both friends of mine and both ardent archers. I saw some of the bows and arrows and the ones which impresse me most were owned by Mr. Toulmin. He paid $375.00 for as fine an instrument as I have ever seen. But uness one is fairly well trained in archery my opinion is that it is best to face wildcats and their like with a more lethal weapon.

Roosevelt speaks with the brittleness of a commanding officer when he demands that the Democratic party redeem their campaign pledges. Note his message to the leaders in Alabama. It will be interesting to see whether the various conventions will continue to accept his ideas on this and other ublic policies. So far the repealists are far in the lead. If there should be repeal, we will be permitted to buy and drink some real good California wine.

In the new economic arrangement in this country there will perhaps be a more rapid rise in the price of commodities than the rise in earnings of the worker. This is undoubtedly not avoidable, but inasmuch as the worker has always been loyal to his country, I am willing to gamble that he will still remain so in the face of what seems a further disregard for his welfare. He knows that in the long run he will eventually get the consideration due him.

FRED W. BRADLEY BORNE TO GRAVE

Four sons bore the casket of their father, Frederick W. Bradley, to the grave in the family plot in Pine Grove cemetery in this city Saturday afternoon. The sons were Frederick W. Bradley Jr., James P. Bradley, Henry S. Bradley, and John D. Bradley.

Services were conducted by the Rev. W. K. Guthrie of San Francisco at Alta Lodge, late home of the deceased in Placer county, and at the grave-side in this city.

Fred Bradley, as he was known to his many friends, was reared in the old Bradley home at the top of Aristocracy Hill. He was educated in this city, graduating with the first class to graduate from the Nevada

Judge Frank M. Nilon, member City high school in 1880.
of the same class, relates that there were six boys and four girls in that first graduating class. All but two of the boys, Judge Nilon and John M. Hussy, who resides in Willow Valley, have crossed the great divide. The four departed are Fred W. Bradley, Dr. W. H. Wentworth, a physician Charles Bowdoin, who became a contractor and builder in the bay region and in Sacramento for many years, and Dr. C. M. Muller, who practiced medicine in this city for many years.

Wentworth before obtaining his degree in medicine worked as a blacksmith in the Spanish mine, which was the first mining property the late Fred W. Bradley develped. Frank Nilon, as a young man also worked in the Spanish mine, before entering upon his distinquished career in the legal profession.

John M. Hussy, surviving male member with Judge Nilon of the high school class of 1880, attended Harvard after his graduation. He settled in Wichita, Kansas and patented a process for preserving eggs wich he later sold to the United States government. He returned finally to make his home here in Willow Valley.

The funeral services were directed by the Holmes Funeral Home.

Camp Fire Girls in Gypsy Roles Tonight

All the Camp Fire Girls of Camp Augusta, Sacramento, and Celio are to assemble at Camp Celio tonight for a big gypsy stunt.

Miss Snyder, who is in charge of Camp Celio, accompanied by several of the girls, has been in Nevada City busily engaged in assembling an old wagon, a horse, large iron kettles, and other cooking utensils. They have also secured the services of Professor Zimmerman, old time violinist and will give him a gypsy role in Romany garb.

Many of the girls will be dressed in gypsy costumes and will portray camp with all wierd and fantastical effects of an evening around the cam fire, with music, fortune telling and singing to complete the affair.

LAWN FURNITURE IS DEMONSTRATED

Fred Conner, manager of the Nevada County Lumber Company, is demonstrating lawn and porch furniture these days. Early this spring he started his lawn growing, making a neat green plot an adjunct of the headquarters on Boulder street. On this he displays the latest and most comfortable things in lawn furniture, chairs, settees, and such like.

Within the last few days he has had a brand new porch, roomy and cool, added to the front of the office and alongside the porch has neatly laid a strip of sidewalk. Awnings, screens and other modern comforts make the office one of the most comfortable in the twin cities.
